10 AND UNDER TENNIS — IT'S A WHOLE NEW GAME

RED, ORANGE and GREEN DOT Ball Group Classes

Ages 8 and under tennis using the QuickStart Tennis play format takes a new and better approach to introducing kids to the game. Learn to rally and play using RED Balls and 36 Foot Court. Balls are lower in compression; they bounce lower and don't move as fast so they are easier to hit. This allows kids time to get to the ball and helps them develop optimal swing patterns. Racquets are sized for small hands (no more than 23"), and the courts are smaller and easier to cover. All that equals more fun and less frustration. This class will feature a student teacher ratio of 5:1.

Quick Start Ages 8-10 - orange ball

Tennis using the QuickStart Tennis play format takes a new and better approach to introducing kids to the game. Learn to play using orange balls and a 60 foot court. Balls are lower in compression; they bounce lower and don't move as fast so they are easier to hit. This allows kids time to get to the ball and helps them develop optimal swing patterns. Racquets are sized for small hands (not to exceed 26"), and the courts are smaller and easier to cover. All that equals more fun and 'quicker' learning! This class will feature a student teacher ratio of 6:1.

Theater-Readers' Theater Ages 6-10 NEW

Reader's Theater is an authentic and entertaining activity that helps students improve their word recognition, fluency, and comprehension. It requires no props, costumes, or scenery unless the teacher and students want to include them. Reader's Theater is an oral activity in which students read scripts or stories (after practicing reading their particular part and gaining assistance as necessary with vocabulary, phrasing, expressiveness, etc.) Each student takes the part of one of the characters or narrator. There is no need for an actual production of a play or theatrical event although props may be used. The goal of this strategy is to help students with their fluency and comprehension by allowing them rehearsal time to practice reading with expression and prosody, the opportunity to read and reread for meaning, and the ability to focus on word meanings. Children MUST be able to read.
